DETAILED ACTION

The requirement for a certified copy of the foreign priority document in the Ex Parte Quayle action mailed 4/29/04, is hereby withdrawn, as the Office has lost the certified copy of the priority document. Previous Office Actions in the prosecution history indicate that the certified copy of the priority document was received and was proper. Thus, Applicant's claim for priority is proper.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims 11-21 are allowable over the prior art, as the prior art neither anticipates nor renders obvious a dispersion of instant claim 11.

The closest prior art is EP 0 487 958, which teaches cosmetic compositions comprising 0.05-30% of an amphiphatic lipid, 0.05-30% of a nonionic surfactant, 1-50% of an ionic surfactant, and 40-99% of an aqueous medium, in which the amphiphatic lipids are stably microdispersed. However, '958 does not teach the lipid as a solid particulate and that the lipid is dispersed in the surfactant, and that the lipid has an average particle size of 0.5 to 150 um. See the Board of Appeal's Decision of 2/4/04.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
